Letter from E. E. Chavara, Esq., I.C.S., Joint Secretary to the Government of India, Finance Department, to all Provincial and Major Local Governments, dated 18th May 1935, No. F. 212-44, 1935.

[Procedure for modification of service.]

I am directed to refer to the department letter No. F. 212-44, dated the 18th August 1935, in which the Government of India modified the procedure for the preparation and disposal of applications for promotion. It is an order prescribing as being preparatory to relief must constitute a formal application for promotion at that time, if he specifically declared that he intended to retire at the end of his term; and that if the proposed date of retirement was three definitely known, the Local Officer would send the service wherever necessary and send him direct report to the concerned authority, who would question the person as soon as he came to the office a retirement.

The Government of India consider that the practice of officers as duty now are about to retire on superannuation pension is unclear, as the terms of their superannuation are definitely known. In order to avoid delay in the service of pension, the Government of India have decided that the procedure mentioned above should also be adopted in such cases, provided that the officers concerned, or, in the case of non-retiring officers, the heads of their offices, declare that they will retire with effect from the date on which they attain the age of superannuation.

I am to request that, with the approval of the Secretary the Governor in Council, steps may be taken to bring the above decision into force.

Order—Ms. 540, Finance (Private), dated 18th June 1936.

Forwarded.

3. The procedure prescribed by the Government of India in their letter read above for the preparation and disposal of applications for promotion of officers on duty who are about to retire on superannuation pension should be adopted in the Treasury.

(By order of the Governor in Council)

G. K. VIJAYARAGHAVAN,

18. No part of the contract shall be subject without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf.

19. If further satisfactory information is required, the Executive Engineer of the scheme will forward

work, but it must be clearly understood that no time shall be treated in order, and according to estimation.

20. The Executive Engineer or other watching authority reserves the right to direct any tender or all the tenders without assigning any reason therefor.

21. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenders should therefore state, in clear terms, whether they employ such skilled staff and, if so, to give the number of each staff and the extent to which they will be employed on the work.

22. Separate payment will not be made for hauling or pumping water or for protective works. The cost of all works necessary for any excavation and protecting localities during construction shall be included in the unit rates.
